
Appeal – For the Flood Affected People of Sylhet, Noakhali, Feni and Greater Chittagong

Several upazilas of Feni, Noakhali, Moulvibazar, Habiganj, Sylhet, Brahmanbaria, Cumilla, Khagrachari and Chittagong districts have been flooded due to heavy rains and water coming down from India. The flood situation has worsened in these districts till the last news on Thursday (22.08.2024) morning. The Flood Forecasting and Warning Center's bulletin said heavy to very heavy rains are lashing India's border areas of Tripura and the inner basin of Tripura. This has resulted in severe flood situation in these areas.

Many roads, dams and parts of bridges have been broken by water pressure. Crop fields are flooded, fish in ponds are washed away. Hundreds of thousands of people have been marooned. Many have taken shelter elsewhere. There is scarcity of food and medical support.

Gonoshasthaya Kendra (GK) has already intervened with limited resources (including dry foods, Water Purification Tablets, emergency medicines, emergency mobile medical team) in some affected areas in Feni and Noakhali districts.

Please join with GK in this humanitarian support

“Any help would be big support for these helpless people”
